## PROJECTS

### EasyFill - iOS app

EasyFill is a concept mobile application that helps ease up
the process of filling up gas. Users can choose from
getting the type of gas they want, how much of it they
want and then having the comfort of knowing that the
next time they go in their car, the tank will be filled up.
Additional offerings include having their car serviced at
home and having a luxury car wash.

### Breeze - iOS app

BreezyBrand is a fashion application concept that allows
those that are passionate about fashion trends to be on
top of the game. The app allows users to stay up to date
with the latest fashion news of their favorite brands/ idols
and giving them the freedom of selecting what they want
with a guarantee that what they order is always from a
verified source and not a replica.
